

WELCOME TO HERITAGE GRANITES & MARBLES

WHO ARE WE ?

At Heritage Granites & Marbles, our journey started with trading in natural granites. We later expanded to tiles and further advanced to Italian marble when we established our sister firm, Roccia Tiles and Sanitary Pvt Ltd. Now we focus on total building solutions for all types of stones from sourcing the products to fixing them at the site.

Our focus initially was only on local procurement and trading in India. However, we transitioned to direct imports from Turkey, Iran, Greece, Portugal, and Italy, which was facilitated by the partnership of like-minded individuals who were ready to embark on the journey of Heritage as partners in Roccia.

Heritage is our proprietary firm and with the incorporation of Roccia, we were able to diversify into sanitaryware as well and became the exclusive distributor of the luxurious Turkish brand, Vitra, in Kanpur. We take pride in our expertise in dealing with granites, marble, and imported Italian materials which we have nurtured through our close collaboration and corroboration with well-known interior designers, builders, and architects in Kanpur. This is our core business strength which has propelled our growth in this sector.

We have direct access with precision multicutters and state-of-the-art gangsaws in Rajasthan and Silvassa to fulfill various customized requirements of stone thicknesses.

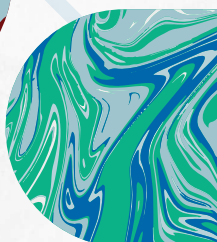

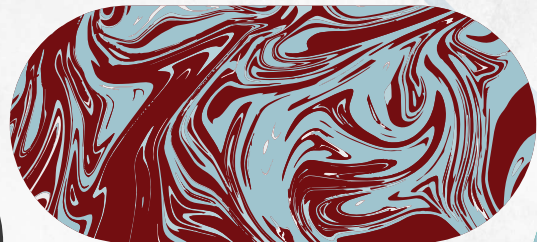

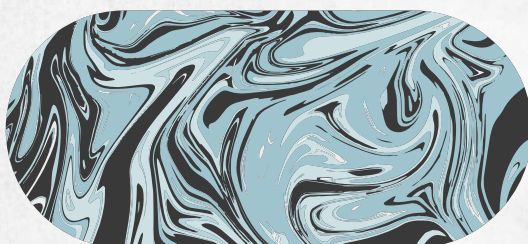

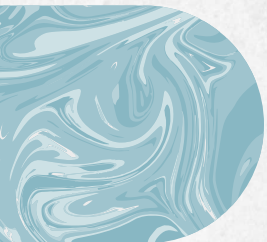

We boast of a retail presence and a stylish showroom that is designed to appeal to varied clientele. We serve individual homebuyers to large-scale bulk buyers. We are here committed totally to providing unparalleled service and ensuring that every customer receives the assistance and attention which is their right.

ABOUT US

Established in the year 2014, Heritage was founded under Raj Kumar More and his son, Piyush More. Raj Kumar More is a 63-year-old qualified engineer who has several years of experience under his kitty laid the foundation of the company alongside his son Piyush More who is a 32-year-old qualified Chartered Accountant.

Piyush, with the unwavering support of his father, ventured into the world of stones in the year 2014 when he spotted the potential of the trading business in Kanpur. Though he started his career as an auditor at the Yes Bank in Mumbai after graduating as a Chartered Accountant immediately in 2013. However, his entrepreneurial spirit pulled him to the opportunity that lay in the building stones industry. Since then he has been passionately driving the success and the growth of Heritage.
